Centre de Santé Harmonie
Harmony Health Centre

Hello and Welcome!

Thank you for choosing Harmony Health Centre. We know you have choices when it comes to your healthcare and we are dedicated to providing our patients with the best care possible.

Before your scheduled appointment, please carefully read and fill out this form. Please note that the diet diary on the last page will take *5 days* to complete. We know your time is valuable and bringing your completed information forms with you will maximize the amount of time we can spend discussing your case.

Naturopathic Medicine is a holistic and preventive approach to health care. This means that we assess the whole person, taking into consideration the physical, mental, emotional, and spiritual aspects of the individual with the ultimate goal of identifying and eliminating the underlying causes of illness. Gentle, non-invasive techniques are used in order to stimulate the body's inherent healing capacity. These include a number of different treatment modalities such as the following:

- ***Nutritional Support*** and dietary recommendations are integral to ensuring that the body has the needed building blocks to sustain and aid healing.
- ***Lifestyle Counseling*** addresses the link between health concerns, lifestyle, events, thoughts and emotions and provides recommendations such as breathing and relaxation techniques or coping strategies.
- ***Botanical Medicine*** using herbal teas, tinctures or capsules for addressing specific health concerns and aiding the body in recovering from injury or disease.
- ***Nutritional Supplementation*** to address deficiencies, assist the body in eliminating toxins, stimulate healing or address specific health concerns.
- ***Homeopathy*** is an energy-based system of medicine that stimulates the healing process in the body on all levels.
- ***Hydrotherapy*** is the use of water as an accessible and effective form of stimulating healing.
- ***Physical Medicines*** are hands-on techniques using soft tissue work and stimulating techniques to provide support for healing.

Most private health insurance companies cover naturopathic treatments; please check with your provider to determine the amount that is covered under your policy. If you have coverage, you are responsible for billing your own insurance company - We will provide you with all the information necessary to send your claim for reimbursement.

Note that the clinic is ***scent free*** to respect those clients with allergies or sensitivities.

If you are unable to keep your scheduled appointment time please give us a 24hour notice so that we may reschedule your visit. If not, a $50 cancellation fee will be charged.

Remember to bring copies of any recent lab work or medical records as well as any supplements or medications you are currently taking.

We look forward to supporting you on your journey to greater health and wellbeing

DIET DIARY

The purpose of this daily record is to help you keep close watch over what you are eating, and help you to discover which, if any, foods or beverages may be causing or contributing to your symptoms. Use this as a tool for yourself to become more in tune with your dietary habits. It is very important that the information you record in this diary be as accurate and as correct as possible. The more honest you are, the more you will learn about yourself and the easier it will be to identify issues.

1- The following is to be done for 5 days in a row.
2- Write down everything you eat or drink, including water, snacks, alcoholic beverages, soft drinks, coffee and so on.
3- List the contents found inside mixed dishes and foods. It is not enough to write down "a turkey sandwich". You should also write down the kind of bread, spread, dressing (i.e. turkey sandwich – whole wheat bread, butter, mustard).
4- Whenever you make an entry in your diary, ask yourself: "Have I given myself and my licensed Naturopath enough information about what is in this food?"

Harmony Health Centre

INFORMED CONSENT

We would like to take this opportunity to welcome you to the Harmony Health Centre. The Naturopaths in this clinic utilize the principles and practices of Naturopathic Medicine and other supportive therapies to assist the body's own ability to heal and to improve the quality of life and health through natural means.

Statement of Acknowledgement

Printed name _____

As a patient of this clinic I understand that the form of care is based on Naturopathic principles and practices. I recognize that even the gentlest therapies potentially have their complications and hence the information provided is complete and inclusive of all medical history including all prescription medications, over the counter drugs and supplements. The slight health risks of some Naturopathic therapies include, but are not limited to aggravation of pre-existing symptoms, and allergic reaction to supplements or herbs.

I understand that the Harmony Health Centre is a holistic health centre and offers supportive and complimentary therapies. I am aware that my Naturopath will offer me a Naturopathic evaluation. According to Quebec's medical law, my Naturopath cannot offer me a medical diagnosis or treatment.

I also confirm that I have the ability to accept or reject this care of my own free will and choice. I am not an agent of any private, local, county, provincial or federal agency attempting to gather information without so stating. I accept full responsibility for any fees incurred during care and treatment.

Please wait for your appointment to sign this form.
